

# Capabilities STATEMENT

Mercy Medical Equipment Company is a Service Disabled Veteran Owned Small Business (SDVOSB) operating as a family business since 1980. We are a Federal marketplace focused distributor using the FSS, ECAT, and DAPA contract vehicles.

We strive to bring the newest technology at the best value to all federal customers, veterans, physicians, and active duty personnel. Over 30 manufacturers trust us. We take pride in our staff being able to propose, plan, and execute the best solutions and products for the federal medical market and have been doing so since 2005.

# Supplier Bios

ActiveAid/Altimate Medical – ActiveAid is known for quality, service, attention to detail and innovation. We specialize in providing our customers with the highest quality shower chairs, commode chairs, raised toilet seats and bath benches in the industry.

Amico - Amico manufactures a very broad range of hospital products within a campus of 8 buildings occupying 700,000 square feet. Products include ICU Booms, In-Patient Lift systems, hospital beds, and many more categories.

Advanced Recovery Specialists - ARS specializes in non-narcotic pain management and rehab devices and has innovated the online experience with digitized monitoring, advanced remote treatments, a powerful line of recovery-centric devices, and our relentless commitment to customer service.

Armedica Manufacturing - Armedica was started in 1998 to build durable and dependable treatment tables for the healthcare professional.

Bausch and Lomb - Bausch + Lomb is one of the world's largest suppliers of contact lenses, lens care products, prescription pharmaceuticals, and intraocular lenses. Bausch also manufactures ophthalmologic devices like the Stellaris Elite Phacoemulsification device.

Bemis Manufacturing – Bemis is a medical device plastics molding company with a reputation for state-of-the-art technology, quality products, and responsive customer service. Our products safely and efficiently collect bodily fluid, sharps, and other specialty medical ] waste types.

Blickman Industries - We are a medical equipment manufacturing company that has been providing the healthcare industry with groundbreaking stainless steel and chrome solutions since 1889.

Burton Medical – Burton is a manufacturer of high-end surgical lighting with a mission to enhance your vision, your comfort, and your performance in all exams and surgeries.

Chattanooga (DJO) - Chattanooga® is the world's largest manufacturer of rehabilitation equipment for treating musculoskeletal, neurological and soft tissue disorders. For over seven decades, Chattanooga has set a benchmark for leadership, reliability and excellence. Our products contribute to better treatment outcomes in hospitals, clinics and home settings worldwide.

Clinton Industries - With five full lines of equipment featuring: medical tables and cabinets, seating and accessories, one of the most affordable lines of blood drawing chairs in the business, the most innovative pediatric equipment on the market and a full line of physical therapy equipment, Clinton Industries is positioned to move in to the future with more products, more growth and even greater market success.

Convaquip – Convaquip specialized in bariatric DME products for many different markets such as post-acute care, homecare, and long term care to include wheelchairs, walkers, bath safety, and rehab equipment.

Detecto Scales - DETECTO is the largest medical scale manufacturer in the US. DETECTO's digital physician scales feature low, flat platforms, models with or without columns, and mechanical or digital stadiometers to comfortably measure, weigh, and calculate Body Mass Index in hospitals, clinics, and emergency care facilities.

EZ Access- EZ-ACCESS offers a variety of Ramps, Carriers, Platform Lifts, as well as other access solutions for commercial, industrial, residential, and recreational use.

Graham Field Health Products – Graham Field is one of the largest US based medical product manufacturers in the world. They cross over into several different markets such as clinical seating, specialty stretchers, homecare, long term care, and DME.

Hausmann Industries – Hausmann is a leader in manufacturing of physical therapy furniture, exam room furniture, and athletic room furniture. Over 90% of our products are made in our 65,000 sq. ft. factory in Northvale, New Jersey.

Enovis (DJO) - Enovis is a medical technology company focused on developing clinically differentiated solutions that generate measurably better patient outcomes and transform workflows.

# Supplier Bios

Innerspace Healthcare - InnerSpace® specializes in stationary and mobile medical storage solutions for all areas of your healthcare facility, from cath labs and radiology to central supply and pharmacy.

Invacare – Invacare is a global leader in the manufacture and distribution of innovative home and long-term care medical products that promote recovery and active lifestyles.

Lakeside Manufacturing - Since 1946, Lakeside Manufacturing continues to move healthcare forward with innovative utility carts and stainless steel moving, storing, and delivery solutions.

Medcare Manufacturing – Medcare Manufacturing is an US-based OEM that specializes in phlebotomy chairs, carts, donor beds and medical recliners.

Midmark Corporation - Midmark is a global manufacturer and supplier of healthcare products, equipment and diagnostic software for medical, veterinary, and dental markets.

Molli Surgical - MOLLI® is an award-winning, wire-free soft tissue localization technology that marks the location of a lesion precisely for removal during surgery. MOLLI is designed for superior ease of use, unmatched reliability, and a more efficient workflow compared to other methods.

Nova Medical Products – We offer high-quality patient mobility equipment to include knee scooters, rollators, walkers, bath safety equipment and more. There is a reason many VA hospitals and clinics prefer Nova over the competition.

Novum Medical Products - Novum Medical Products is a Medical Equipment Manufacturer and Provider Specializing in Pediatrics, Medical Furnishings and Steel Based Medical Equipment.

Oakworks Medical Products - A broad line of imaging tables, ultrasound tables, physical therapy tables, exam/treatment tables, patient positioning devices, and accessories that provide comfortable and optimized positioning.

SAI Therapeutic Brands – SAI includes several different product brands like Truform, Champion, PCP and other that focus on patient use products.

Turn Medical - Turn Medical proudly manufactures the Pronova-O2™ Automated Prone Therapy System at our corporate headquarters in San Antonio, Texas. With our rigorous selection of supply chain partners, quality-driven processes, meticulous attention to detail, and dedicated team members, you can be confident that the products you receive will meet the quality standards that clinicians, hospitals, patients, and families deserve.

Tuttnauer – Tuttnauer is a leading manufacturer of tabletop sterilizers, freestanding sterilizers, and washer/disinfectors for the decontamination of instruments.

Cooper Surgical (Wallach) - The Wallach brand includes a wide range of trusted products including industry-leading colposcopes, cryosurgical systems, fetal and vascular doppler systems, obstetrics systems and stainless steel instruments and disposables.

Champion Chair/Winco Manufacturing - Our medical seating solutions are designed to deliver premium comfort, functionality, and efficiency for patients and caregivers. For over 30 years we have been working with leading healthcare organizations, with a sole focus on healthcare seating.

RxSight – RxSight offers new IOL technology in the form of the Light Adjustable Lens (LAL) that can be customized after cataract surgery. It is the only one of it's kind.

Schiller Americas - SCHILLER is one of the world's leading companies in the development, production and distribution of medical devices, with 30 subsidiaries and a global sales network. Specialized in cardiopulmonary diagnostics, patient monitoring, emergency medicine and diagnostic data management
